

Payment of Coaches and Managers

Coaches and Managers nominated by the Executive Committee will not be paid for fulfilling their coaching/managerial duties. The Executive Committee will however have discretion to make payments to a coach/manager to defray expenses or in respect of services provided in addition to coaching/management.

Where a current player is nominated by the Executive Committee to coach a junior team, fees payable by that player may be rebated by 100% where that player coaches the team alone and by 50% where coaching is shared with another person. It is generally not expected that fees will be rebated where the player/coach is the parent/guardian of a player in the relevant team.

The Executive Committee also maintains absolute discretion to rebate fees in respect of persons coaching teams (junior or senior) upon specific application by that player/ coach.
